

# TONY CARREIRA

## “I invite all people to embark on this experience”

Getting to know the places where **Tony Carreira** will walk in the week of **April 16<sup>th</sup> to 23<sup>rd</sup>, 2023**, in fraternization with his fans, was the theme for a conversation that took place during the artist’s visit to the **MSC Fantasia** ship.

**We’re approaching the most awaited date of next year; how does it feel at this point?**

**Tony Carreira:** Before visiting the space, I was already excited about the project. Now that we’re on board, and this being the first time I’ve been on a cruise ship, the feeling I have is that this is all grand, very elegant, and beautiful. For anyone celebrating 35 years of songs, this is a milestone that makes perfect sense.

**What reaction do you think people will have when embarking on this experience with us?**

**TC:** I believe that because it’s such a different space and a completely different action from what I’ve done throughout my life, it’s going to be fantastic and surprising. For many people, it will also be their first time

on board, and this is one more reason to feel like an excited child.

**“I believe that (...) it will be fantastic and surprising”**

**An itinerary with departure and arrival in Lisbon and with Tony Carreira on board for a week of concerts, is an unprecedented project entirely in Portugal ...**

**TC:** I have always been a man of projects and, therefore, I am grateful that I was proposed for this partnership. Being the first time that a singer has done this in Portugal, I’m glad it’s me. For me it’s like a prize, it’s something I value and that gives us meaning in life. I’m excited because we’re all going on vacation together.

**We can see that the stage for Tony Carreira’s 35 years of songs is already being set...**

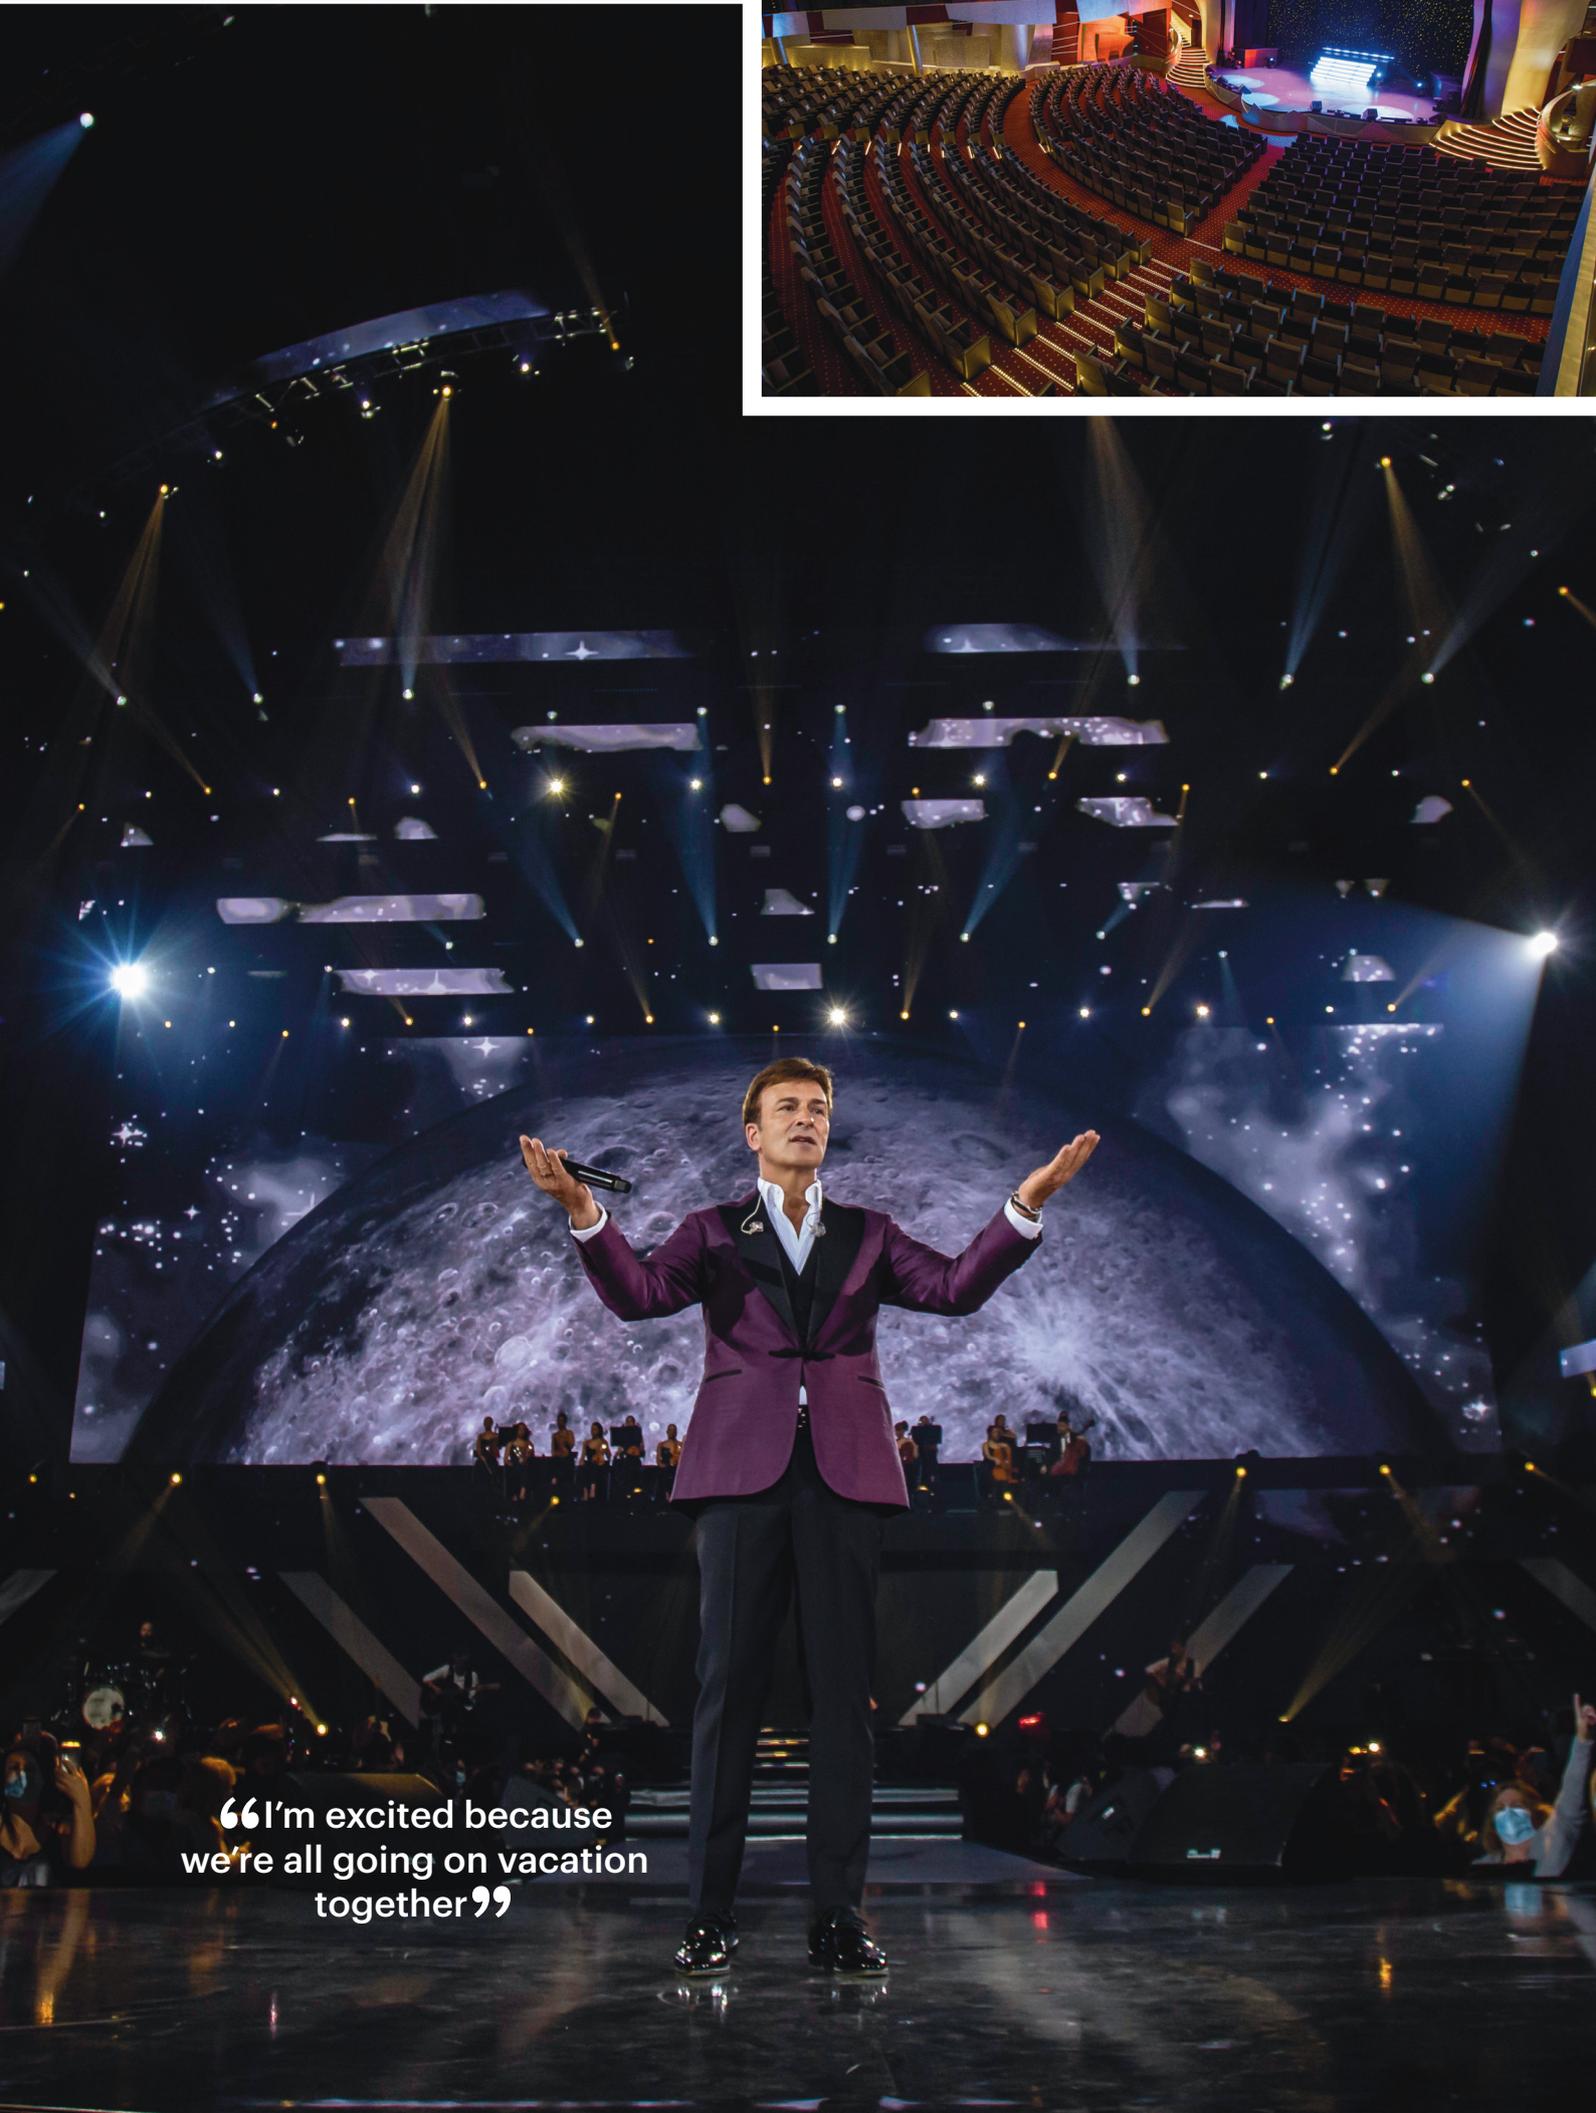

**TC:** Being on this ship, looking around and realizing how gigantic it is... from the casino to the restaurants with great cuisine, to the concert hall that is wonderful... There is even a staircase decorated with Swarovski diamonds, a nightclub, several swimming pools, and many other spaces that allow different environments and reward all

**Many of our customers ask what will happen throughout the cruise week? What can we expect?**

**TC:** It’s going to be a week of experiences with lots of surprises to come. The goal is not just to attend a concert, because I will be there every day. My profile is this, I like to get involved in things. As much as they try to control me, I will always walk around among cruisers and fans. For this reason, I invite everyone to embark on this experience with me. I really think this is a very beautiful project and I know that together we will have a lot of fun. In fact, during 2023 it is to be expected that other moments like this will happen, but we leave that to reveal later...

the generations that will join MSC Fantasia.
